**ORDER OF RULEMAKING**

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-8.515 is amended.

This rule establishes trapping seasons and limits and is excepted by section 536.021, RSMo from the requirement for filing as a proposed amendment.

The Department of Conservation amended 3 CSR 10-8.515 by changing provisions for trapping rabbit and nutria.

**3 CSR 10-8.515 Furbearers: Trapping Seasons**

*PURPOSE: This amendment moves the language regulating when traps may be placed or set from section (3) to section (1); standardizes the language referring to Conibear or other killing-type traps; alphabetizes the list of furbearers in the rule as an editorial standard; adds nutria (*Myocastor coypus*) as a legal furbearer with an open trapping season; changes the opening and closing dates for the trapping season for rabbits to make them consistent with the furbearer trapping season; clarifies that all furbearer pelts may be consigned for processing during the possession period; and clearly limits the*

*date for possession of live coyotes, red fox and gray fox to March 1 (fifteen days after close of season).*

(1) Badger, bobcat, coyote, gray fox, mink, opossum, raccoon, red fox, and striped skunk may be taken in any numbers by trapping from November 15 through February 15. Beaver and nutria may be taken in any number by trapping from November 15 through March 31. Traps may not be placed or set before November 15 and must be removed by midnight of the last day of the applicable trapping season.

(3) Except in Otter Management Zone E, Conibear or other killing-type traps with a jaw spread less than eight inches (8") and foot-hold traps with an inside width at the jaw post less than six inches (6") are prohibited in water sets after February 15. In Otter Management Zone E, Conibear or other killing-type traps with a jaw spread less than eight inches (8") and foot-hold traps with an inside width at the jaw post less than six inches (6") are prohibited for trapping beavers after February 20.

(4) Pelts of furbearers may be possessed, transported, consigned for processing and sold only by the taker from November 15 through March 1, pelts of beaver may be possessed, transported, consigned for processing and sold by the taker from November 15 through April 10, and tagged bobcats and otters or their pelts may be possessed and sold throughout the year. Bobcats or their pelts shall be delivered by the taker to an agent of the department for registration or tagging; otters shall be delivered by the taker to an agent of the department only in the Otter Management Zone of harvest for registration or tagging. Bobcats and otters shall be registered or tagged before selling, transferring, tanning or mounting not later than March 1, except for otters taken in Otter Management Zone E, not later than March 4. It shall be illegal to purchase or sell untagged bobcats and otters or their pelts. Other pelts may be delivered or shipped and consigned by the taker to a licensed taxidermist or tanner before the close of the possession season for pelts. These pelts must be recorded by the taxidermist or tanner and shall not enter the raw fur market. After tanning, pelts may be possessed, bought or sold without permit. Skinned carcasses of legally taken furbearers may be sold by the taker throughout the year. (Certain Department of Health and Senior Services rules also govern how furbearer carcasses might be utilized.)

(5) Rabbits may be taken by trap from November 15 through February 15 within prescribed hunting limits, but carcasses may not be sold.

(7) Red fox, gray fox and coyotes may be taken alive during established seasons by prescribed methods and held in captivity. They may not be exported and may only be sold or given to holders of a valid Hound Running Area Operator's Permit. Live coyotes, red fox and gray fox may not be possessed after March 1. These animals may be held for no longer than seventy-two (72) hours after capture, except when confined in facilities and cared for as specified in 3 CSR 10-9.220, and after approval by an agent of the department. Complete and current records of all transactions must be maintained showing the county of origin, the species, date captured, date of transfer and name and permit number of the hound running area operator/dealer receiving each individual animal. These records shall be kept on forms provided by the department and submitted to an agent of the department by April 15. Records shall be made available for inspection by an authorized agent of the department at any reasonable time.

SUMMARY OF COMMENTS: The board received one (1) comment.

COMMENT: The Missouri Department of Transportation (MoDOT) submitted a comment stating that foreign educated applicants holding an engineering degree from a foreign country and a higher degree such as a Masters or Ph.D. in an engineering field from an accredited United States of America (USA) university should not be

subjected to any evaluation program. Since the accredited U.S.A. university evaluates their foreign Bachelor of Science (B.S.) degree program before admitting the foreign students to their graduate study program, MoDOT believes it is not necessary to require reevaluation prior to taking a professional engineer examination.

RESPONSE: The board reviewed Mr. Gupta's comment and determined that the comment does not address any of the changes that have been proposed in the amendment. Therefore, no change was made in response to the comment.

**ORDER OF RULEMAKING**

By the authority vested in the director of the Division of Medical Services under sections 208.153 and 208.201, RSMo 2000, the director hereby adopts a rule as follows:

13 CSR 70-3.160 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 1, 2005 (30 MoReg 1130-1131). The section with changes is reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Medical Services (DMS) received four (4) written comments on this proposed rule.

COMMENT: One (1) comment was received from the Missouri State Medical Association expressing the opinion that there should be an exception to the proposed rule that all Medicaid claims be submitted electronically for physician offices with fewer than ten (10) full-time equivalent employees. The Missouri State Medical Association said it seems unlikely that such a waiver would result in any significant cost to the Medicaid program.

RESPONSE: The Missouri Medicaid budget has been reduced by two hundred ninety-six thousand dollars (\$296,000) in General Revenue based on ending the processing of paper claims. There will be no savings if paper claims continue to be accepted and processed. Providers who do not have access to the Internet for electronic billing also do not have access to Missouri Medicaid informational manuals and bulletins to keep current with program updates. No changes have been made to the rule as a result of this comment.

COMMENT: One (1) comment was received from the Missouri Association of Osteopathic Physicians and Surgeons suggesting that the implementation date of the requirement that all claims be submitted via electronic media be extended past July 1, 2005 to provide professional associations time to communicate the new requirement to physicians and allow physicians time to purchase equipment and train staff on computers to submit claims electronically.

RESPONSE: The implementation date of electronic billing of all Medicaid claims has been extended until thirty (30) days after the publication of this rule in the *Missouri Code of State Regulations*. No changes have been made to the rule as a result of this comment.

COMMENTS: Two (2) comments were received regarding the requirement of section (4) of the rule that each provider establish and maintain a file containing a signature of each recipient of services furnished by the Medicaid enrolled provider. Quest Diagnostics commented it would present quite a significant burden on

laboratories to obtain such a signature since very often laboratories do not ever see the patient. The Missouri State Medical Association commented that radiologists and pathologists, as examples, provide invaluable patient services without patient interaction.

RESPONSE AND EXPLANATION OF CHANGE: Section (4) will be amended to exempt clinical laboratories, radiologists, and pathologists from the requirement that a Medicaid enrolled provider maintain a file containing the signature of each recipient of services.

### 13 CSR 70-3.160 Electronic Submission of Medicaid Claims

(4) Medical record documentation shall support the medical necessity of the service being provided as well as the frequency of the service. The provider shall establish and maintain a record containing the signature of each recipient of service furnished by the Medicaid enrolled provider or, when applicable, the signature of a responsible person made on behalf of the recipient. Clinical laboratories, radiologists, and pathologists are exempt from the requirement that a Medicaid enrolled provider establish and maintain a record containing the signature of each recipient of service. A physician's order shall be documented in the medical record. Clinical laboratories, radiologists, and pathologists shall maintain a record of the ordering physician for a Medicaid service for which they request reimbursement.

(11) The total aggregate premiums for a family covered by this rule shall not exceed five percent (5%) of the family's gross income for a twelve (12)-month period of coverage beginning with the first month of service eligibility.

(A) The total aggregate premiums for a family covered by this rule with gross income above one hundred fifty percent (150%) and below one hundred eighty-six percent (186%) of the federal poverty level shall not exceed one percent (1%) of the family's gross income for a twelve (12)-month period of coverage beginning with the first month of service eligibility. Loan funds may be used to implement cost-effective energy-efficiency projects.

Missouri public schools K–12, local governments, public colleges and public universities meeting the definitions in 10 CSR 140-2.010 are eligible to submit an application. The Missouri Department of Natural Resources' Energy Center will immediately begin to accept applications for funding with all applications due by January 18, 2006. Approved applications will be awarded loan funds no later than March 31, 2006.

Up to \$15 million will be available for energy-efficiency projects. The department will limit each applicant to no more than \$3 million in approved loans. Loan funds will be allocated to eligible sectors in the following percentage: public schools K–12—fifty percent (50%), local governments—twenty-five percent (25%) and public higher education—twenty-five percent (25%). Any unobligated funds in a designated sector may be used to provide loans to the other eligible

sectors. Please contact the Energy Center at one of the numbers listed below for information about loan interest rates.

To determine which applicants will receive funding, applications will be ranked based on project payback, which will be determined by dividing the cost to implement a project by the estimated yearly energy cost savings. Projects with the lowest payback score in each sector allocation will be funded until all available funds are allocated. In case of identical payback scores, the eligible applicant with the highest percentage total of British thermal units (Btu) savings will receive funding. Any applicant with ongoing enforcement issues with the department will be disqualified.
